

Helping Nurses MASTER CRITICAL SKILLS

Dynamic Health™ is an innovative new tool designed by nurses for nurses. With seamless integration into learning management systems and a cutting-edge cloud-based interface, *Dynamic Health* makes it easy for nurses to master critical skills.

Content Nurses Can Trust

All of the content in *Dynamic Health* is based on a strict evidence-based methodology, which means nurses can trust that the information matches current best practice. The content is crafted by a team of nurses and allied health professionals who review the evidence and write original content based on best practice.

Comprehensive Coverage

Dynamic Health content is deep. Nurses can find information about core clinical nursing competencies, transcultural care, patient training, occupational therapy, speech therapy, nutrition and dietetics, social work and so much more.

The Right Answers Fast

Time is a prized commodity for nurses, so they need to locate evidence-based information efficiently. *Dynamic Health* is designed to help nurses quickly find critical information in the context of their workflow. Need access on the go? No problem. *Dynamic Health's* cloud-based, mobile-responsive interface makes for an optimal user experience on any device.

Anytime, Anywhere Access

Your nurses spend a lot of time in your EMR, learning management system (LMS) and intranet. Wouldn't it be great if your nursing skills content could be easily accessed through all of those platforms? With *Dynamic Health*, it can. *Dynamic Health* seamlessly integrates with EMRs, LMS and intranets. Do you work with HealthStream? So do we. EBSCO Health is a preferred partner of HealthStream, allowing for seamless integration of *Dynamic Health's* valuable content into the HealthStream Learning Center.

Make it Your Own

Dynamic Health offers a variety of customization options to help you create an ideal experience for your users. With *Dynamic Health*, you can add institutional notes to skills or hide skills that aren't applicable to your nurses. The *Dynamic Health* team is committed to innovating, and our cloud-based interface allows us to be agile and release new features all the time. Stay tuned for even more customization options soon.
